**JULIE TELENTA**  
studio 5

Julie Telenta was born in Broken Hill and still misses the beauty of the Australian bush, its colours and varied landscapes. She has lived and worked in the Illawarra for many years, but it was not until her retirement that she was able to learn more of the joy of painting and drawing.

Her art works take place first in her imagination letting her imagination wander freely. Impressions from nature, the industrial area and cityscapes and the industrial beauty of Port Kembla are often an inspiration for her work as are the interesting faces of people in the streets and the community.

Julie works across a wide variety of mixed media, experimenting and constantly learning more about the joy of creating her own works. Her paintings are usually made over time and often reworked again before a work is considered a finished piece to share.
